Kellie Edwards - Cody Matriarch

By Kevin Cody 145/44332, Director of Social Media

Inspirational, trail-blazing, [Kellie Cody Edwards](#), great-great-granddaughter of Buffalo Bill and daughter of Kit and Linda Cody, was born and raised in Cody, WY. After graduating Cody High School in 1992, she attended Black Hills State University in Spearfish, SD where she graduated Magna Cum Laude in 1996 with a B.S. in Elementary Education and Early Childhood Development. Shortly after graduation, Kellie married her soul mate, Bryan Edwards of South Dakota.

During this time, Kit and Linda built the Best Western Lake Hamilton motel. After struggling to secure dependable management, Kit requested Bryan and Kellie to move down to Florida to operate the property. It soon sold and Kit offered the young couple equity in the “[Green Gables Inn](#)” project, beginning Bryan and Kellie’s career in the hospitality industry.

During their 8 years in Florida, the Green Gables Inn became a prosperous business. Along with operating the motel, Bryan was on the [Lake Wales Chamber of Commerce](#) and Kellie taught kindergarten at a local private school. The Inn was sold in November of 2004 and Bryan and Kellie moved back to Cody, WY.

There, they built the “[Cody Legacy Inn](#),” a 54 unit hotel, now celebrating 10 successful years. The Inn portrays the area’s history with photos and stories of Cody’s founding fathers, memorable characters and events. [It's colorful flowerbed](#) greets arriving tourists. Active citizens, Bryan has been on the Zoning board, the Airport Board and the City Council. [Kellie organizes Book Clubs](#) and serves on the PTA and the District Curriculum Planning Committee.

Deeply believing in Catholic education, Kellie works for “[Sacred Heart Catholic Cooperative](#)” which opened its doors in September of 2014, with high quality, affordable education. Kellie serves as Curriculum Director and Head Teacher. Student’s families share their talents presenting the curriculum, fundraising and in the maintenance of the school. The students become a “family of learners” who support and care for each other. Student [Sarah Grosz won an Honorable Mention](#) in the 2015 Wyoming State Young Authors contest. Kellie says “This job is one of my most rewarding life experiences!”

Dedicated parents, Bryan and Kellie couldn’t be more proud of their children. The Edwards’ kids all attend classes at Sacred Heart, with the older two taking additional courses through Cody High School and Northwest College. Kylie is 5, Andrew is 8, Emilie is a high school freshman and very talented. A gifted writer, she is a two-time [state winner](#) through the Wyoming Young Authors program and plays the flute, piano and cello and loves art and science.

Alex is 17 and his passions include music and the great outdoors. He is a talented guitarist with the Cody High School Jazz band and is known community-wide for his “Electric Anthem” at local sporting events. Alex skis and bikes with the Park Co. Jr. Cycling Team. In 2015, as a Top 5 Park Co. Jr. Cyclist, he had the honor of the [Tour de Wyoming Monuments](#) ride from Mount Rushmore to Devils Tower, 400 miles in 6 days. After graduation, he seeks a degree in Business Management with a minor in Music.

This July, Kellie, Alex and Emilie will join the pilgrimage to Krakow for the [31st World Youth Day](#). Over 30,000 American pilgrims are expected and total attendance could top 2.5 million.

Bon Voyage!

Happy Birthday To Our Treasurer, Ron Hills 80 Years Young!

Our Treasurer, [Ron Hills](#) is celebrating his 80th birthday on Saturday, June 25 on the lawn of the current ICFA Headquarters at Mission Hills, Saratoga CA with mariachis, ballet folklorico, piñatas, flamenco guitars, singing, dancing and lots of food and lively family fun!

You all know him from our Reunions, the big, tall affable guy next to our President, Suzanna Cody. Ron has helped our Association in so many ways over the last 13 years, from producing our ICFA Reunions to migrating the website to a new host. He and Suzanna led the efforts to incorporate the ICFA as a 501(c)3 and helped publish our 2013 Directory and Genealogy.

A native of Oklahoma, [Ron](#) is a retired Lockheed Aerospace Program Manager and husband of Suzanna. Expect to meet Ron's, son Paul who lives with his wife in Sacramento.

ICFA Financially On Track

Ron reports that the ICFA is in good financial condition, with enough funding to publish another edition of the Directory and the Genealogy in time for our 2017 Reunion in Golden CO.

Website expenses and the cost of mailing printed copies of the June 2016 edition of the Review won't be a problem and we may sell the remaining 5 copies of the Directory through the Giftshop and BBCW before next year.

Hunter Edwards, 2015 American Grappling Federation Champ

Donna Quimby Edwards sends word of her son's success as a martial artist. Schooled in Brazilian jiu-jitsu, [blue belt](#) Hunter Edwards 139/2215123 is a RevGear no-gi champion and gi champion and multiple time American Grappling Federation champion, both gi and no-gi.

The gi used in Brazilian jiu-jitsu was adapted from the Japanese martial arts uniform. It is typically a heavy cotton jacket and reinforced trousers. A cloth belt is worn over the gi, to keep the jacket closed and as a signifier of the skill ranking of the wearer. Occasionally, [the gi plays a role](#) in competition.

Hunter has discovered that psychological fitness is important as his physical training and equipment, here is his credo;

What do I fear?

I fear stagnation and lack of progress.

I fear never reaching my potential and being average.

I fear being forgotten... The past... Yesterday's news.

I fear giving up and being passed by,

Going softly into that good night.

I fear letting those I love down, letting myself down.

I fear settling, giving in to the

"that's just the way it is" mindset.

I fear dying without leaving my mark.

I fear not feeling these fears anymore and just floating along.

These fears feed me, they nourish my drive.

I love my fear.

Ron is the guy in the middle!

Ron files the paperwork to maintain the non-profit status of our corporation, as well as our print mailings and financial accounts. He also assists with our Giftshop and BBCW sales. Indispensable, he is a pleasure to work with.

We are all planning the next edition of our Genealogy to be ready for our 2017 Reunion during Golden Colorado's Buffalo Bill Days celebration. See you there!

Experience The Wonder Of Western Adventure In Le Claire, IA

A place that has fostered a sense of wonder since 1957 is Le Claire's Buffalo Bill Museum. What began through the dedication of the Le Claire Women's Club is now a multifaceted structure that welcomes visitors from around the world. They are often remark on the multitude of artifacts.

Museum Executive Director Bob Schiffke says they get a lot of comments, anywhere from "This is the best small museum I've ever seen" to "How much there is to see." Its positive comments such as these that earned the museum a 2015 Certificate of Excellence award from tripadvisor.com.

The museum is much more than Bill's life story. According to Schiffke, "It really is a regional history museum." He noted that one of the goals of the museum is to emphasize the educational opportunities for visitors.

According to Schiffke, "People are interested in history and how things were in the past. To preserve any kind of history, especially the development of this area, is important. And as the West and the country grew, to get across the mighty Mississippi, that was the big thing."

The shifting sandbars and shallow waters of the Upper Mississippi River made this a dreaded area for many riverboat captains, but [Captain Phillip Suiter](#) knew how to deal with Ol' Man River. The legendary steamboat pilot was part of an elite clan of [Rock Island Rapids pilots](#) who are honored here. In the 1840s, most settlers came by steamboat.

While today's visitors can't ride along with these heroic pioneers, they can climb aboard a majestic vessel from their time: [the Lone Star Stern Wheeler](#). Designated as a National Historic Landmark, the Lone Star is the only surviving wooden-hulled vessel of its kind. According to Schiffke, it brings visitors back to 1890.

The Buffalo Bill Masonic Cane

This cane was originally a [presentation piece](#) from a New York Masonic Lodge as the Square and Compasses and the initials "N.Y." engraved on the sterling silver band signify. Buffalo Bill visited many N.Y. Lodges and 2000 Masons attended a Wild West show at Madison Square Garden. Its now [on display at the Grand Lodge](#), 23rd & 6th Ave, in Manhattan.

While a scout at Fort McPherson, William F. Cody petitioned to join the Masons' Platt Valley Lodge No. 32 February 12, 1870, was Initiated on March 5, Passed on April 2 and Raised in 1871. The Platt Valley Lodge was founded by US Army Officers and warranted January 15, 1870. He joined the Euphrates Chapter No. 15 in 1888 and the Palestine Commandery No. 13 in 1889. In 1894 he was admitted to the Scottish Rite, Northern Jurisdiction, Valley of New York City.

While touring England in 1892 with his Wild West Show, this cane broke. He took it for repair but bought a new one instead, and gave the broken cane to the manager, Mr. Robert N. Ruffin. His letter of provenance says "The attached walking cane was given to me by the famous American Showman Mr. William "Buffalo Bill" Cody when he visited the shop James Payne & Sons Ltd. for which I was the Manager in charge in 1892. He purchased a new cane, this one being broken, London, 26th July, 1910." For more, see [The Empire State Mason](#).

The Lone Star Stern Wheeler exhibit is the best example of a wooden boat built in the traditional Western Rivers fashion.

Come see Iron-Eyes Cody's tipi. He's the Italian actor famous for ads about protecting the environment. There's also a 1924 Ford Model T fire truck, a 1939 Chris Craft speedboat and a model of the Robert E. Lee steamboat. Preview the [Buffalo Bill Museum](#), the [Cody Homestead](#), and hundreds of other state historic and cultural sites using the [Iowa Culture app!](#)

In keeping with the educational component of the museum, there is a [geocaching treasure hunt](#) for kids and a gift shop prize upon completion. Then they can head to the Children's Room and let their imaginations run free trying on typical cowboy, Native American, and steamboat captain attire.

We know Bob Schiffke from our 2014 Reunion, so go visit him in Le Claire! This article was edited and reprinted from author [Elizabeth Bellizzi's original post on the Travel Iowa Blog](#).

Jay Gager 132/1, An Internet Investigation

Our Genealogist, Allan Cody, has answered hundreds of inquiries in the last 3 years and this was one of the most challenging! Karen and Nick Manca had discovered evidence of their Cody ancestor using ancestry.com and presented a Petition for Certification of Lineage. How to answer it?

The task was to examine the evidence and determine whether the Jay Gager presented by the Mancas is the same person as the Jay Gager 132/1 in our 2013 Genealogy.

Discovery of this branch reveals the genealogical lines from our Achsah 132's son Jay 132/1, born April 2, 1823. So far, that was all we knew. Proved, these claims complement his record and through his posterity, add many new records to our genealogy. As you'll see, we got more than we expected!

As evidence, the Mancas offered Jay's marriage record and the 1860 Federal Census naming their children. They gave testimony of Jay's son, Alvin's hospital records listing his birth date and siblings as well as Alvin's own son Ralph's recollections of his father and others in the family tree.

Their claims are supported by other findings, gleaned from Quaker publications, local histories, directories, atlases and our own records. Additional evidence of Jay's posterity comes from graveyard research and government records.

We wish to thank [Find A Grave](#), the LDS, the IGI and so many others for supplying crucial evidence. However, it required a thorough investigation to put the pieces together.

To prepare, we reviewed the lives of Jay's parents, Achsah 132 and Herbert, who came to Upper Canada as children with their parents, settling on [Yonge St.](#) near Newmarket. The Codys came seeking cheap land and the Gagers were part of a Quaker migration from Pennsylvania by way of Niagra.

They married and migrated to Pickering and then Mariposa Townships, relying on other Quakers and her relatives, for they were landless. But God was good, and they had 11 children before Achsah died in 1847.

The investigation started with Minister William Hurlburt's marriage record for Quaker Jay Gager and Maram Jones, both of Mariposa. Examination of the record, followed by a study of the history of Victoria County reveals that they were married April 7, 1845 by a registered Baptist circuit preacher at the Stage House in Manilla, on the Brock-Mariposa town line. From the evidence we have, it seems that they eloped!

The discovery of their record in the [1852 Canadian Census](#) established their household in neighboring Whitby Township. Line 12, identifies Jay Gager as a native-born Quaker and Maram is named as Mary, born in England, with four children, Alvin, Richmond Dudley, Salina, and Henry Gager.

There's rumor of a fifth child, Sepherona, but like Henry, we find nothing more of her and there's no record of Jay or his family in the 1861 Canadian Census. So we ask ourselves, what happened? Accident? Illness? Where to go from here?

NELSON GAGER.

Born in Canada 1831.
Settled in Winneshiek Co. 1853.

MRS. NELSON GAGER.

Born in England 1825.
Settled in Winneshiek Co. 1858.
Died Sept. 8, 1904

Recovered, thanks to the IAGenWeb and Jill McCarville.

“[The Cody Family Massachusetts 1698](#)” pg. 29 states that Jay's father, Herbert Gager moved his family to Winnisheik County, Iowa in 1853. So we turned to the 1860 Federal Census and found Mary A., born in England, and her children, Alvin, Dudley and Salina, dispersed between [Herbert Gager at Dwellinghouse #886](#) and [Nelson Gager at Dwellinghouse #963](#). Achsah 132's children; Nelson 132/5, Mary 132/3, Griffin 132/4 and Susan 132/B, and grandchildren; Alvin 132/11, Dudley 132/12, Salina 132/4 and Wilson Marshall Gager 132/16 are enumerated therein.

That census also lists William Gager 132/2, with his first wife, Francis Maria West, and their two children, Charles Jamain 132/21 and Allen Thomas 132/2, next door to his father, Herbert.

Jay's son Alvin 132/11 served in the [9th Iowa](#) and suffered from PTSD after the war. He was admitted to the new hospital at Independence, IA, died in 1935 and was buried in the family plot.

We examined the 1870, 1880 and 1890 Federal Census records, but the most convincing evidence was Marshall Gager's 1904 [death certificate](#), showing his parents to be Jay Gager and Mary Ann Jones of Upper Canada.

[Internet research](#) found Nelson and Mary A.'s children, Wesley 132/51, Alvina H. 132/52, Helen M. 132/53 and Walter F. 132/54. It also brought us the portraits of [Nelson](#) and [Mary A.](#)

Despite doubts arising from the free use of given names, we finally ask ourselves “How many Jay Gagers married a Jones in Victoria County in 1845?” and “How many Gager families in Iowa had a Herbert, William, Nelson, Griffin, Alvin, Richmond Dudley and Salina, born in that order, before 1860?”

The answer to those questions is that Jay 132/1 and Maram's Gager family in Canada became the extended family of Nelson 132/5 and Mary A. Gager in Iowa. Welcome Cuzzin Manca!

Gravestone Preservation

Memorial Day, known as Decoration Day in the South, is the traditional time of year to visit the graves of our dear departed and do a little spring cleaning. Get out the rakes and shears and plant a couple flowers! But when you're done, you realize the inscriptions are hard to read because the stone is stained with mold, algae, mildew, lichens and air pollutants. It obviously needs help, but what can you do to preserve it?

Thanks to modern technology, you can preserve the stone safely with [D/2 Biological Solution](#). Cheap and easy to use, its useful for cleaning gravestones without causing any damage to the stone. Even the highly-respected Association for Gravestone Studies recommends it!

We're using D/2 to preserve [Buffalo Bill's family stones](#) at Mt. Hope in Rochester NY. We've got the volunteers, the patrons, the technology, we can locate the exact site and now the weather is warm enough to use D/2.

This is all happening because of whistleblower Jeff Norman FOF and GGson Kevin's appeal to the ICFA Executive Board. [Here's gold star for you Gunny!](#)
